Dear Subscriber,

We're writing to request information because our records indicate you have coverage from more than one dental benefits plan. Your dental benefits sponsored by your group require us to coordinate payments with other benefit plans in situations where there is shared responsibility for your dental claims. The information we have about your other plan is either incomplete or may be outdated. We need your help to correct this information so we can avoid delays and accurately process your claims.

Coordination of benefits (COB) is a process to ensure all plans who provide your benefits pay the correct amount toward your claims. Coordinating your benefits helps maximize your benefits, which can lower your out-of-pocket costs.

Please complete the information below and send this form back to us to ensure your claims are processed quickly and accurately.

INFORMATION NEEDED:

Are you or your family members still covered by more than one dental plan (including any other Delta Dental of Washington plan)?
